Claims 1 - 8 (canceled)

Claim 9 (previously presented): A method of inhibiting the proliferation of malignant cells in the lungs of humans or non human animals, comprising administration by inhalation of a composition containing therapeutically effective amounts of trichothecene or a mixture of trichothecenes.

Claim 10 (previously presented): The method of claim 9 wherein said trichothecene is a fragment or sub-unit of trichothecene or fragment or sub-unit of a sesquiterpene epoxide which still possesses the biological activity of inhibiting protein synthesis.

Claims 11 - 14 (canceled)
